Public Health Update

Increase in Total Case Counts for Deaths

Public Health Update

67 additional deaths after review of death certificate data – *not new*

Deaths involving a **reportable disease such as COVID-19** are reported to DPH in two ways:

- 1. DPH's epidemiologists**
- 2. Delaware Vital Events Registration System (or DelVERS)**

Public Health Update

- ▶ **32 cases** – Already identified as COVID-19 positive in DPH's surveillance system – *report of the person's death not sent*
- ▶ **26 people** – No lab result for COVID-19 in DPH's surveillance system
- ▶ **9 people** – Previously tested negative for COVID-19, but had COVID-19 or SARS CoV-2 listed as a cause of, or a significant condition contributing to, death on death certificate

Public Health Update

- ▶ **75% of decedents died in Long-Term Care (LTC) facilities**
- ▶ **LTC facilities are required to report COVID-19 deaths to DPH**
- ▶ **Investigating which facility/organization did not report to provide additional education to facility/organization**
- ▶ **Additional deaths may be added periodically as DPH continues data quality improvements**

Public Health Update

Contact Tracing Program Surveillance System Migration

*COVID-19 data report on
website will be delayed due to
maintenance and updates:*
